

320 GTC

SAXDOR

# PROTECTED BY DESIGN

The Saxdor 320 GTC is designed to extend your time on the water, combining a protected full-beam wheelhouse with efficient use of space throughout the boat.

Panoramic glazing provides excellent visibility and natural light, while opening side terraces expand the cockpit at anchor, creating a strong connection between inside and out.

A forward double cabin and a practical layout make the 320 GTC a capable weekender, delivering comfort and usability in a compact 32-foot platform.

# FULL-BEAM GLASS COMFORT

The 320 GTC features a true full-beam glass cabin, designed to maximise interior space while providing protection in changing conditions.

Panoramic glazing enhances visibility and natural light, creating a bright, sheltered environment on board.

This allows you to extend your time on the water, making boating comfortable across a wider range of weather and seasons.

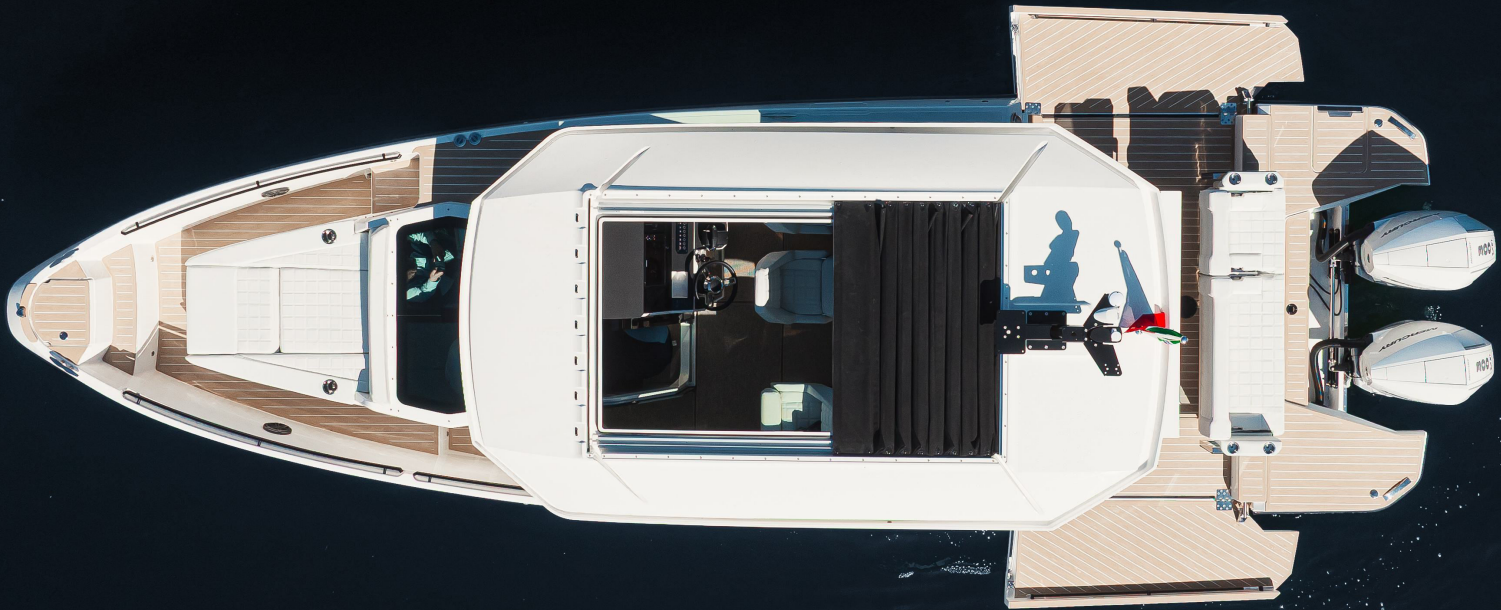

# EXPANDED AT ANCHOR

Opening side terraces extend the cockpit, creating more usable space and a wider, more open deck.

At anchor, the layout transforms into a larger, more social area with direct access to the water.

The result is a seamless connection between inside and out, enhancing both space and experience on board.

# SPACE TO MOVE

The full-beam wheelhouse is designed for easy movement and everyday usability, creating a space that feels open, practical, and comfortable.

The layout creates a natural flow, making movement on board easy and intuitive.

At the same time, the space supports social moments, with room to prepare, serve, and enjoy time together without interruption.

# MADE FOR WEEKENDS

A forward double cabin provides the essentials for comfortable overnight stays on board.

The layout makes efficient use of space, creating a practical and well-balanced interior within a compact footprint.

Together, this delivers genuine weekend capability in a 32-foot platform.

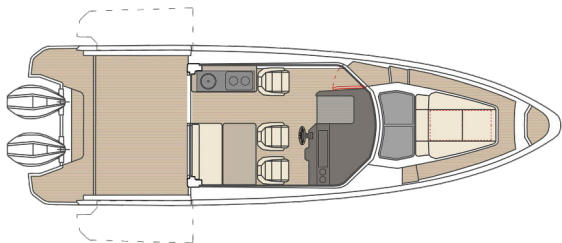

# LAYOUTS & SPECS

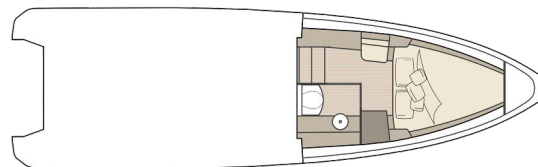

## SPECIFICATIONS

Length	10.28 m / 33 ft 7 in
Beam	3.10 m / 10 ft 2 in
Draft (excl. engines)	0.49 m / 1 ft 7.3 in

# THE FUTURE TAKES SHAPE

Saxdor was founded in 2019 by Sakari Mattila, bringing decades of experience from Finland's leading boat brands. From the start, the brand introduced a bold new approach to boating, combining agile performance with thoughtful, well-designed usability on board.

Since then, the range has evolved rapidly, from the early models to the latest 460 series, introducing new levels of space, versatility, and onboard living.

Today, Saxdor offers a complete range of boats built on the same core principles: lightweight Scandinavian construction, sharp hydrodynamics, and thoughtfully designed deck space.

From the sporty 270 GTO to the flagship 460 GTC, every model delivers a confident, efficient, and rewarding experience on the water.

# GLOBAL NETWORK

Saxdor is present wherever boating matters most — through a network of over 180 dealer locations across more than 70 countries and territories on 5 continents.

Wherever you are, our global network brings you closer to the brand, with local expertise and seamless access to our boats and services.

Together with our dealer partners, we participate in more than 100 boat shows and water sports exhibitions every year — from Cannes and Düsseldorf to Miami and Singapore. Each event is an opportunity to explore the Saxdor range on the water, discover the full lineup through our digital showroom, meet the team, and join the growing community of owners worldwide.
